SUMMARY

AI, Data Analytics, and Machine Learning enthusiast with a strong foundation in data analysis, data preprocessing, visualization, and machine learning fundamentals. Proficient in Python and data analysis libraries for extracting insights, building basic ML models, and solving data-driven problems. Passionate about applying AI and analytics to real-world challenges while continuously learning and expanding technical expertise.

AREA OF EXPERTISE

- SQL & Database Handling
- Data Analysis & Visualization
- Exploratory Data Analysis (EDA)
- Adaptability
- Machine Learning Fundamentals
- Programming: Python, C, Java
- Project Management
- Git and Github
- Problem Solving

EXPERIENCE

Data Analyst Intern, Beeskilled Remote

June 2026 – July 2026

- Cleaned and preprocessed 500+ records using Python (Pandas) by handling missing values, removing duplicates, and correcting inconsistent data.
- Wrote 15+ SQL queries to analyze customer behavior, revenue trends, and order performance using MySQL.
- Designed 2 interactive Power BI dashboards featuring 6+ KPI cards, DAX measures, and business visualizations.
- Built 1 Excel dashboard using Pivot Tables and Pivot Charts to analyze sales trends, category performance, and yearly growth.

Data Analyst Intern, Codec Technologies Remote

December 2025 - December 2025

- Cleaned and validated 300+ spreadsheets, improving data accuracy by 25% and reducing reporting inconsistencies across multiple departments.
- Monitored and verified 100% of daily data uploads, ensuring seamless data imports and maintaining high data integrity across the platform.
- Created interactive dashboards and analytical visualizations that enhanced decision-making speed for senior analysts by 30%.
- Automated repetitive spreadsheet operations and standardized data-quality procedures, reducing manual effort by 15% and improving workflow consistency.

EDUCATION

Bachelor of Technology in Computer Science and Business Systems Panimalar Engineering College, Chennai

September 2024 - March 2028

CGPA: 8.12

- Relevant coursework in Object Oriented Programming, Data Structures and Algorithms, Design Thinking & Innovation, Operating Systems and Networking Fundamentals.
- Projects: Online Compiler, Portfolio, Techpath, Simple College ERP System.

CERTIFICATIONS

- Employability Skills, Wadhwani Foundation - Jun 2025.
- AI for Beginners, HP LIFE - Dec 2024.
- Career Development, TCS ION Dec 2024.
- Introduction to Machine Learning, Great Learning Oct 2024.

ADDITIONAL INFORMATION

- Languages Known: Tamil, English.
- Achievements: Sports Secretary.
