SUMMARY

AI and Machine Learning enthusiast with hands-on experience building models, preparing datasets, and developing small-scale data solutions. Experienced in working with Python-based ML tools and converting raw information into clear insights. Eager to contribute to real-world projects in AI, ML, and data science while continuing to expand technical expertise.

AREA OF EXPERTISE

- SQL & Database Handling
- Data Analysis & Visualization
- Database Concepts
- Adaptability
- Machine Learning Fundamentals
- Programming: Python, C, Java
- Project Management
- Technical Skills

EXPERIENCE

Data Analyst Intern, Codec Technologies

December 2025 - December 2025

- Cleaned and validated 300+ spreadsheets, improving data accuracy by 25% and reducing reporting inconsistencies across multiple departments.
- Monitored and verified 100% of daily data uploads, ensuring seamless data imports and maintaining high data integrity across the platform.
- Created interactive dashboards and analytical visualizations that enhanced decision-making speed for senior analysts by 30%.
- Automated repetitive spreadsheet operations and standardized data-quality procedures, reducing manual effort by 15% and improving workflow consistency.

Machine Learning Intern, InternPe

July 2025 - August 2025

- Built 5+ ML models (diabetes prediction, car price estimation, IPL forecasting, breast cancer detection) achieving accuracy improvements of up to 82%.
- Analyzed datasets of 10,000+ records, performing detailed EDA and feature engineering to improve model performance and reduce noise.
- Optimized model pipelines through hyperparameter tuning, cross-validation, and performance evaluation, reducing processing time by 40%.
- Developed Flask-based demo APIs and prepared insights reports to help stakeholders understand model outputs, use cases, and business impact.

EDUCATION

Bachelor of Technology in Computer Science and Business System

September 2024 - March 2028

Panimalar Engineering College, Chennai

CGPA: 7.89

- Relevant coursework in Object Oriented Programming, Data Structures and Algorithms, Design Thinking & Innovation.
- Projects: College ERP System.

CERTIFICATIONS

- Employability Skills, Wadhwani Foundation - Jun 2025.
- AI for Beginners, HP LIFE - Dec 2024.
- Career Development, TCS ON Dec 2024.
- Introduction to Machine Learning, Great Learning Oct 2024.

ADDITIONAL INFORMATION

- Languages Known: Tamil, English.
- Achievements: Sports Secretary.
